**BENOR**

# PRODUCT CERTIFICATE

BCCA declares that has been established that the **applicant**

**PIPELIFE NEDERLAND B.V.**  
Flevolaan, 7  
NL - 1601 Enkhuizen

takes the necessary measures in order to ascertain that the products:

**Components of unplasticized poly vinyl chloride (PVC-U) non-  
pressurized  
for the component group C2: branches  
for the diameter groups D1, D2 and D3**

manufactured in the factory located at:

**PIPELIFE NEDERLAND B.V.**  
Flevolaan, 7  
NL - 1601 Enkhuizen

may correspond with the performances described in the standard **NBN EN 1329-1**

**Plastics piping systems for soil and waste discharge (low and high  
temperature) within the building structure - Unplasticised poly(vinyl  
chloride) (PVC-U)  
and the PTV 1005**

The certificate is delivered based on a study and an acceptance of the relevant **initial type tests (ITT)**, executed on relevant samples taken from the production unit and on bases of an initial inspection of the production and the **factory production control system (FPC)**.

BCCA confirms that the manufacturer applies a valid production control system and executes regular testing on samples taken from the production according to a fixed testing program. BCCA supervises the production and the production control system during the yearly audit of the FPC, periodical control of the internal control results and witness-testing.

On bases of the delivery and the maintenance of this certificate, the manufacturer is authorized to use the BENOR-logo as a means to attest the conformity of his products.

This certificate is valid during the period mentioned left side of this document, provided that the specification of the standard and the regulatory conditions are not modified.

Brussels, 21 March 2014

ir. Benny De Blaere  
General Manager
